

Greenville ECHS

Collegiate Lions Monthly!

March 2022

Lead. Achieve. Succeed. Empower!

Chancellor Address: GECHS will be the Shining Star!

I was able to host a group of San Antonio educators on Wednesday for a visit. The group wanted to see the infrastructure and systems for our early college program. The group is starting an associates degree program in engineering. As I took them around the school and met with them about our systems, they were amazed at how well we function as a school. They were impressed with how we allow every stakeholder's voice to be heard. This provides nothing but motivation and determination to my leadership team and me. We are determined to make GECHS the crown jewel of GISD!

Juniors talk Engineering at Career Day!

EC juniors participate in career day at Carver Elementary School. They explained to students what engineering is all about and how early college prepares them for a career in the field of engineering. They also had a game for them to play with paper airplanes to discuss aerodynamics!

Hook 'em Seniors!

Seniors Tray Soto and Jenny Gonzalez-Fermin are all set to go to Austin in August to study Civil Engineering!

Updates and Reminders!

- ★ Parent Advisory Board Meeting on March 29, 2022
- ★ PRIDE! Meeting April 1, 2022
- ★ Leadership Team Meeting on April 5, 2022
