

# 2020 Back to School Bus Information

## Bus Service Sign Up

- Deadline to sign up for bus service will be Friday, August 21st.
- Any students signing up after that date will not have service the first week of school.

## While on the Bus

- All ages will be required to wear a face mask or cloth face covering while on the bus. This will be mandatory.
- The bus drivers will put hand sanitizer on each students hand when boarding the bus morning and afternoon. This will be mandatory.
- Buses will loaded from back to front as students enter the bus. All students must comply with these safety rules.
- All buses will be sprayed inside with sanitizer after morning and afternoon routes.

## Bus Drivers and Monitors

Bus drivers and monitors are required to wear a face mask or cloth face covering at all times when aboard district buses, except when drivers feel there is a potential visibility hazard. In that case, they are allowed to lower their face covering, but for that reason, the first row behind the driver is to be kept clear. Face masks or cloth face coverings must be worn when students are in the bus and when they are entering and exiting.
