Strategic Plan Goal: Teaching and Learning

We believe every student deserves to be in a safe environment while receiving a broad-based education in preparation for life and work.

- *We will maintain on each GISD campus, a safe and disciplined environment conducive to student learning and employee effectiveness.*

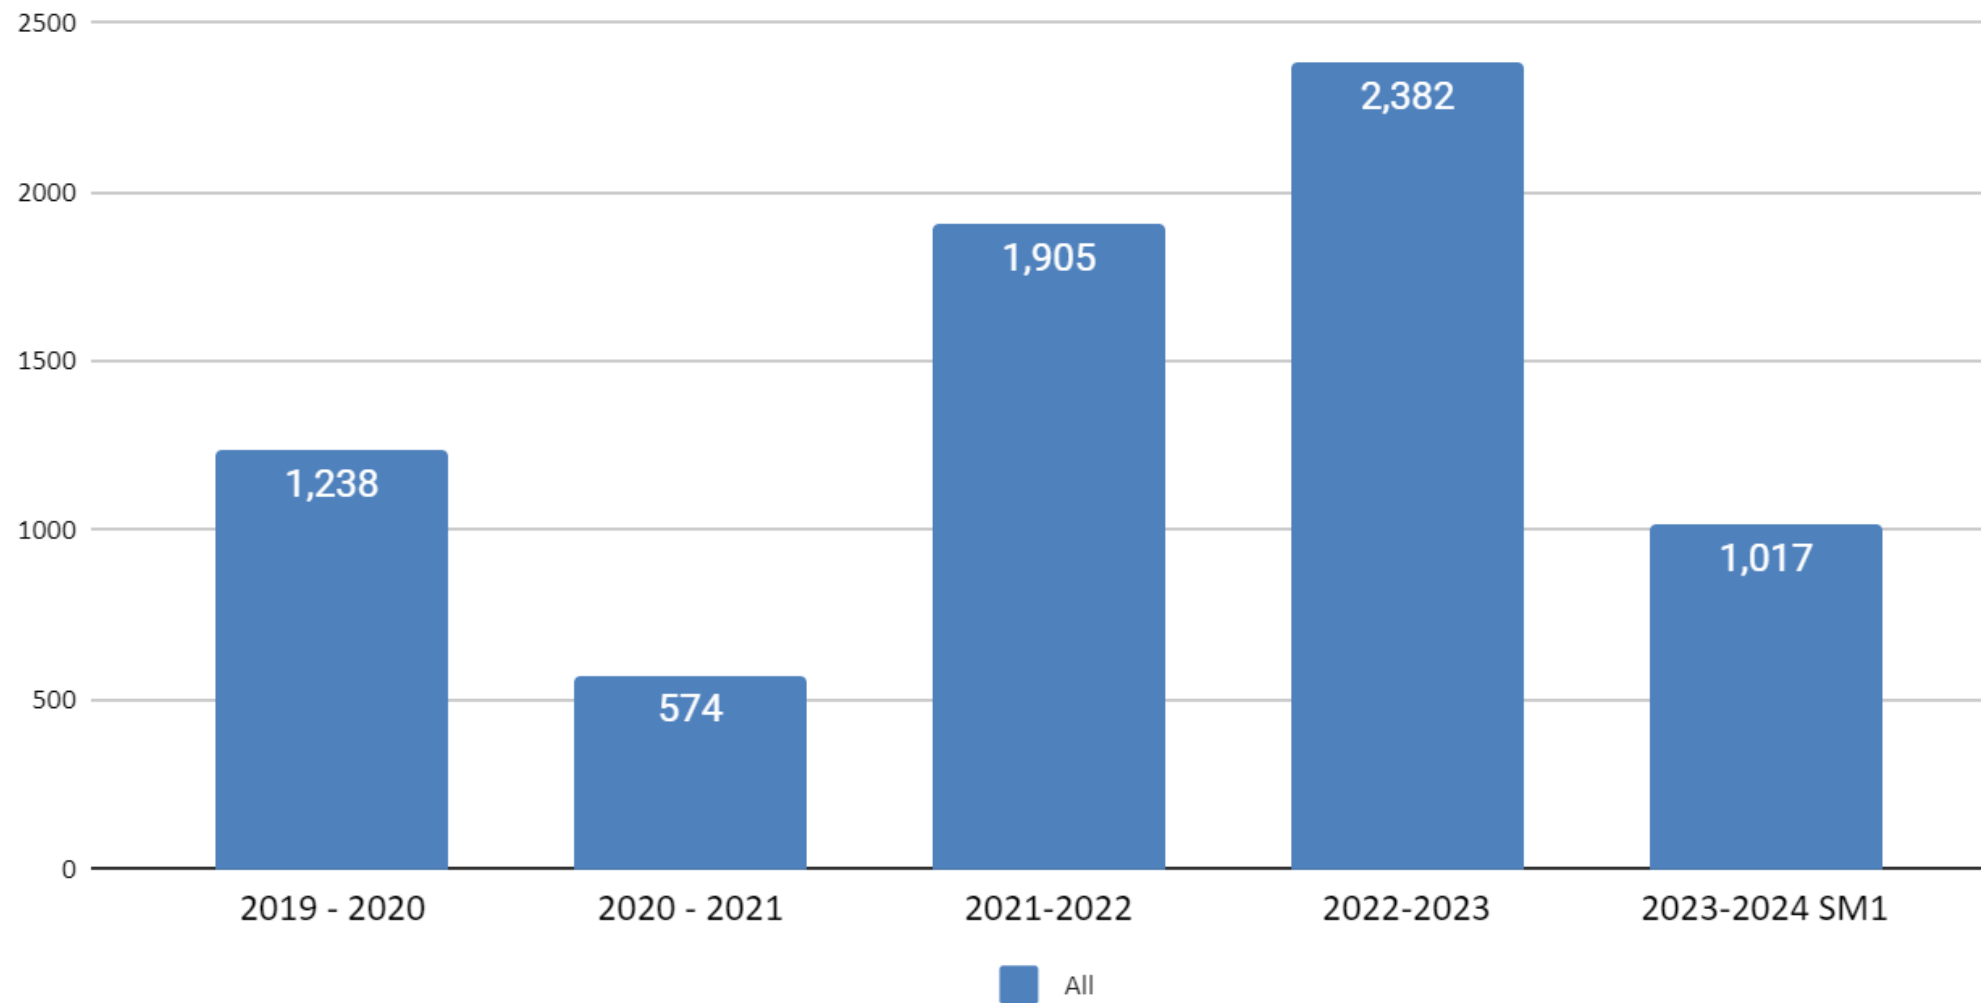

We believe all children can and will reach their full educational potential when given the necessary tools, direction, and support.

- *We will ensure that all children leave GISD with a strong educational foundation which will allow them to pursue their goals and dreams regardless of personal circumstance, economic status, or learning challenges. This will be facilitated through the equitable allocation of resources and utilization of personalized education plans.*
