

KINDERGARTEN MATH

Students are currently working on learning about 2D and 3D Shapes.

Below is a list of things that you can do at home with your child.

- Find 2-D shapes at home with a family member (circle, triangle, rectangle, square).
- Find 3-D shapes at home with a family member (cylinder, cone, sphere, cube).

Videos:

[Shape Hunt](#) - This video illustrates how basic shapes can be found in real world objects.

[3D Shapes I Know](#) - This upbeat music video explores 3-dimensional figures.

Websites:

[Shapes Splat](#) - Your child will have fun identifying and targeting different 2-D and 3-D shapes in this game.

[Kindergarten Math by IXL](#) - Your child can use Lessons V.1 to V.6 and W.1 to W.7 on the IXL site to identify, count, and compare different shapes. (limited access)

KINDERGARTEN READING

Below is a list of things you can do at home with your child.

Students are currently working on how to describe a story's setting and how to retell what happened in a story.

Reading (10-15 min.):

- *Read to or with your child for 10-15 minutes a day simply for pleasure. Engage in a conversation about what you read and why you liked it.*
- Use Rally Round Reading to read or listen to a fiction story, or select any fiction book you have at home.
<https://www.footsteps2brilliance.com/>
- Ask your student: Where did the story take place?
- Have your student use their own words to tell about the story's characters and main events.

Writing (10 min.):

- Draw a picture and write labels for it.
- If I could be an animal, I would be _____.
- At recess, I like to _____.
- My favorite toy is _____ because _____.
